## Sewer, Power Problems Studied by Club

June meeting of the Highlands District Improvement Club was held Monday at the home of Director Matthew A. Harris.

Charles Holt and Sanitary Engineer L. Cedric Macabee appeared before the directors to present a tentative solution to sewage disposal problems in the district. The suggestions were referred to the public utilities committee for study.

L. E. Wolbert of the Pacific Gas & Electric Co. presented an outline of the measures being taken by his company to improve electrical service in the district. S. M. Michaels of P G & E presented an analysis of the street lighting situation and said his firm would make a survey of the whole area with a view to possible elimination of non-essential lights and increasing lighting power of others.

Due to the impending vacation period, it was voted to adjourn the meeting until September and to hold the report of the fact-finding committee until the annual meeting in October.

Unanimous support of the United Service Organizations program was voted.

## Dude Martin Aids Fete

When Dude Martin and his Roundup Gang start the first of their two shows at the Peninsula Fourth of July Celebration in Redwood City, local people will have an opportunity to see and hear a group of musisians and entertainers who are heard daily on the radio, have appeared in motions pictures, and have made phonograph recordings.

Even now, Martin is "plugging" the Fourth of July Celebration during his daily broadcasts from 7 to 8 a.m. over Station KYA.

At the Fourth of July Celebration, Martin's gang will play at the big outdoor dance platform from 9 p.m. till 1 a.m. the nights of Friday, July 4, and Saturday, July 5. At 10 p.m. during each show, the performance will go on the air. Peninsula celebrities will be interviewed and entertainment numbers presented.

People attending the dance will be enabled to see just how a radio show is aired, for everything will be handled from the platform, being erected at the Recreation Center site on Bayshore Highway, where the celebration is being staged.

Tickets for the dances and shows, at 55 cents each, are already being sold. A substantial portion of the receipts goes to the Fourth of July Committee for recreation purposes.

The two Martin dances are in addition to the Queen's Ball the night of July 3, when Art Weidner's orchestra will play.

### M. P. DRIVER HELD

George B. Shaw, 54, Menlo Park, last night was arrested by Redwood City police officers on a charge of driving while drunk.

Twenty-three per cent more tea was consumed by passengers of the four main airlines in the United States in 1940 than in 1939, the companies report.

## Who'll Be R. C. Queen For 1941?

Who'll be "Miss Redwood City" this year?

That was the question puzzling not only Fourth of July Committeemen these days, but probably a lot of girls also who would like to have the honor of representing her city at the big event.

Jo Ann Andersen
Harbor Queen, 1937

The call has now been issued for candidates for the title of "Miss Redwood City." Whoever is selected for that position in a contest to be held the latter part of this month will enter the contest against candidates from other Peninsula cities for queen of the July 4th celebration. The queen will be picked at the Queen's Ball at the outdoor platform in the Recreation Center the night of July 3, when Art Weidner's union orchestra plays for a 9 p.m. to 1 a.m. dance.

Mildred Nelson
She Ruled in 1939

Any Redwood City girl under 21 years of age is eligible to become a candidate for title of "Miss Redwood City." She can be sponsored by an organization, or not, just as she likes. Already the Eagles lodge and the Exchange Club have agreed to sponsor candidates, and the Lions Club will consider such sponsorship at its meeting tonight. Both Eagles and Exchange are now seeking candidates to sponsor.

Jean Folsom
1940's Queen

1941 Fete Queen

All that is required of a sponsoring organization is that it agree to purchase at least five $1 tickets to the Queen's Ball. All that is required of unsponsored girls is that they sell five tickets. All girls will have an equal opportunity to become queen, for the judging is to be strictly on poise, personality and beauty, Queen Contest Committeemen William M. Werder and Alfred Morton have announced.

The same rules for judging will prevail later at the Queen's Ball where a queen of the celebration is chosen. This queen will share honors with Miss Zelda Perry, already named as queen of the rodeo, but the Celebration Queen does not need to be a horsewoman.

Winners of both the "Miss Redwood City" and the Celebration Queen contests will be rewarded in a manner yet to be determined, besides being honored by being allowed to rule over the celebration.

## 'Sea Wolf' at Redwood Sunday

Edward G. Robinson as "The Sea Wolf" in the screen version of the world-famed novel by Jack London. "The Sea Wolf" opens Sunday at the Redwood Theater. Companion feature is "Six Lessons from Madame La Zonga," starring Lupe Velez and Leon Errol.

## Local Soap Box Derby Scheduled for July 1

Soap Box Derby enthusiasts have been assured Redwood City again will stage a local version of the thrilling affair on July 1. Sponsored by the Kiwanis Club and the Davies Auto Co., last year's event resulted in so much local interest that a repeat performance this season has been assured.

As in last year's races, winners of the local trials will be sent to San Francisco where they will take part in Northern California finals and have a chance to qualify for the national championship run at Akron, O. Two age classes, one for boys 11-13 years, inclusive, and the other for boys 12-14 years, inclusive, will be formed this year.

Registrations of entrants who must build their own soap-box cars for the race will be taken at the offices of the Davies Auto Co., El Camino Real and Vera Ave. beginning immediately.

Site for the 1941 race has not been established for certain, George Andrews said, and several other details have to be worked out but will be announced within the next few days. Meanwhile all youngsters who plan to build cars for the July 1 race have been urged to get busy. Necessary rules for building the cars may be obtained at the registration place.

Last year four Redwood City youngsters of the 20 who entered the local race qualified for the finals that were held at Treasure Island. Hugh Cowels and Don Lyons were winners of the A and B divisions respectively, while Lloyd Kirk and Stanley George placed second in the local tests.

## Youths Seek Damages For Crash Injuries

Damages totaling $11,200 are sought by two youths, both minors, who were injured in an automobile collision on El Camino Real at Glen Wood Ave., Menlo Park, on Memorial Day.

Suits were filed in superior court at Redwood City today by Joseph Morton, 18, and Richard D. Sparks, both of Palo Alto, against William T. Casey, 1233 Mills Ave., Menlo Park. Casey was assertedly driving a car which crashed into one driven by Sparks, and in which Morton was riding.

Morton allegedly suffered bruises of the body, concussion of the brain and severe shock. He asked $10,000 damages. Sparks' complaint asserted he suffered bruises and contusions of the head, body, and limbs, for which he asked $1200 damages.

Candidates are urged to list their names at once with Werder or Morton, who will give further information to prospective candidates.

## Housing Plan Is Opposed By Realtors

The first announced opposition to the low-cost housing plans for the Peninsula as promoted by the recently-appointed San Mateo County Housing Authority came today from the Redwood City-San Carlos District Real Estate Board.

Teddy Lauman, secretary, reported that at the board's meeting Tuesday it had been voted unanimously that opposition be registered to the spending of $750,000 in federal funds on houses for low-income groups in the county, and that instead steps be taken to to force private owners to improve substandard housing units now in existence.

**Lauman said the board believed that this could be done through the passage of local legislation requiring a permit from the health officer for any questionable dwelling to be used. Lack of sanitary facilities or of proper ventilation or construction in a house would thus bar the unit from use, the realtor explained.**

Fear was expressed by board members that establishment of housing units to rent for low sums such as $15 a month would lead to influx of low income groups to the Peninsula from San Francisco—a situation which those attending the meeting considered would not be desirable. Such tax-free housing units would also tend to destroy values of existing low-rental places and cause them to revert to the city, county or state, it was pointed out.

As a result of the board's action, Secretary Lauman was preparing letters to be sent to the supervisors, city councils, other realty boards and interested groups urging opposition to the housing authority's plans.

## Eagles Lodge Seeks Candidate For Queen

**Redwood City Aerie 418, Fraternal Order of Eagles, is willing to sponsor a candidate in the Fourth of July Queen Contest, but needs such a candidate to sponsor.**

**That was the predicament lodge members found themselves in today as they announced they would receive applications from local girls under 21 years of age who would like to be sponsored by the Eagles.**

**Application blanks to be filled out by prospective queen candidates who would desire the Eagles' sponsorship may be obtained at the Tribune office, 30 California St., Redwood City. They should be secured at once and mailed to Eagles Queen Committee, P. O. Box 430, Redwood City.**

### CAMPAGNE ESTATE VALUED

The estate of Marie Campagne, who died last Nov. 11, was valued at $26,969.23 by James A. Lee, inheritance tax appraiser, in an inventory and appraisal filed in superior court. The estate consisted of personal property, stocks and bonds, and real estate.

## Scholarships Also Given

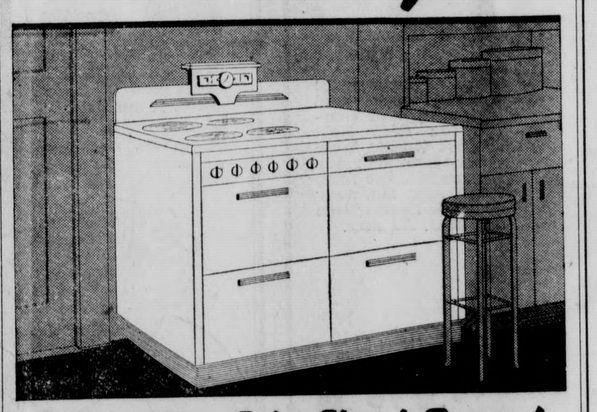
Electric Cookery is "CLEAN" as Electric Light



Millions Now Enjoy Electric Ranges!

Have a picture book kitchen, clean and bright and modern. Start right with a modern electric range. Select any one of the new models from a variety of makes. They are all good ranges. They are all priced reasonably low. And anyone of the new 1941 models will cook with all the speed you would want food to cook. Then no matter if your kitchen is painted white or some light cheerful color do not worry about the paint getting smudgy and dirty looking in a short time. Your electric range cooks with heat from glowing coils that are clean and dependable as electric light.

Millions of American women now cook the modern electric way. They like the simplicity of operation of the electric range. They like the way the top units come up to cooking speed quickly at the snap of a switch. They like the perfect broiling and roasting in the ovens. They like the automatic time and temperature controls that take care of oven dinners or baking. And they like the economy of electric cooking, too.

Why not cook the modern way...with electricity? Here in California electricity is cheap for cooking. You will be amazed at how little it costs to operate one of the new 1941 electric ranges.

## Ice Follies at S. F. Features Naval Number

SAN FRANCISCO—Ice Follies goes to sea with the novelty presentation, Join the Navy, in the new 1941 edition of the "world's greatest musical revue on ice," now playing nightly at Winterland, in San Francisco.

Combining comedy, spectacular pair skating, and the favorite of four previous editions of Ice Follies, the Swing Waltz, Join the Navy presents a well-rounded production number. Costuming of the more than score of skaters taking part in distinctly novel.

Starred are America's outstanding pair skaters, Evelyn Chandler and Bruce Mapes. The latter plays the role of a naval recruiting officer with Miss Chandler as his sea-going sweetheart. Together they present nautical novelties.

McKellen Brothers play the part of two gobs — Brother "Tuffy" as the mildly-abused sailor, and Gil as the bullying shore policeman. This sea-faring setting gives the two well-known Ice Follies performers an opportunity to present a unique routine of spectacular and thrilling acrobatics on skates. New tricks offer feats that have never before been accomplished on a stage, let alone on the slippery surface of an ice rink on ⅛ inch steel blades.

Rounding out and climaxing this nautical episode is the famous Ice Follies "Swing Waltz," with 12 graceful dancing couples gliding swiftly around the ice.

## Atherton Man Named Ickes Aide

Ralph K. Davies of Atherton Ave., Atherton, who started with the Standard Oil Co. in Fresno in 1912 as a clerk and now at 44 is vice president of the firm, has been drafted by the federal government as assistant oil coordinator for the Office of Production Management on the Pacific Coast under Secretary of the Interior Ickes.

In accepting the post, Davies took charge of the government's national defense oil program on the West Coast, including the allocation of gasoline between private consumers and vital defense arms.

## Two R.C. People March At Stanford Exercises

Mrs. A. S. Kalenborn and Harry Robertson of Redwood City have accepted invitations from Stanford University to take part in Stanford's 50th Commencement exercises next Sunday. They will march in a procession of 98 alumni representatives of the 49 Stanford classes that have preceded this year's 50th senior class. Mrs. Kalenborn will represent the Class of 1906 and Mr. Robertson the Class of 1910.

The procession of alumni—a man and a woman representing each class—is to be a special commencement event in honor of Stanford's 50th anniversary.

Bachelor of arts degrees will be awarded to 875 seniors and higher degrees to 425 advanced students.

Pres. Ray Lyman Wilbur will deliver the commencement address. Other addresses will be made by Mrs. Herbert Hoover, '98, of Stanford University, and by Charles A. Beardsley, '06, of Oakland, former president of the American Bar Association.

Twenty-nine states elect all their judges. Five states appoint them and 14 both appoint and elect.

## Atherton Sewer System Wins Council Favor

ATHERTON — The Atherton City Council this week urged immediate action on a proposed new sewer system in the western part of the community following presentation of a petition bearing names of property owners representing more than the required 75 per cent of the assessed valuation.

The petition will be presented to the Menlo Park Sanitary District. The council is not empowered to take action on the project. Plans call for an installation costing about $40,000.

The council scheduled a hearing on June 24 on the ordinance proposing an additional commercial zone on Marsh Rd. at Bay Rd. Although the planning commission has recommended abandonment of the project, legal action requires that the council conduct its own public hearing before a second ordinance rejecting the proposal can be adopted.

**$40,000 HOME PLANNED**

SAN MATEO — A $40,000 permit—largest single-family residence permit issued in San Mateo in many years—has been obtained by Mr. and Mrs. George H. Atkinson. They plan a 17-room, 6-bathroom home at 150 Sycamore Ave. in San Mateo Park.

## Social Leader's Death Investigated

HILLSBOROUGH—An examination by a San Francisco toxicologist to determine cause of death was ordered here by Coroner William F. Crosby of the contents of the stomach of Mrs. Jessie Jackson Bowles, Hillsborough social figure who was found dead in her bedroom yesterday, apparently the victim of an overdose of sleeping tablets.

Mrs. Bowles' body was found lying beside her bed by her debutante daughter, Mary Amanda Bowles. No trace could be found of a bottle of sleeping tablets she had purchased only the day before.

Mrs. Bowles, 54, was the widow of Philip E. Bowles Jr., son of the late banker and the late Mrs. Mary McNear Bowles who gave Universtiy of California funds for erection of Bowles Hall, men's dormitory.

## M. P. Man Is Injured In Auto Collision

Chest injuries and lacerations of the face were suffered by Robert Miller, 60, of 1007 Henderson St., Menlo Park, when his car was involved in a collision on Bayshore Hwy. between Brewster and Jefferson Aves., Redwood City Wednesday.

Redwood City police reported Miller's car ran into the rear of a car driven by William Rogers, 41, of Hayward, after Rogers had apparently cut in too sharply after passing Miller. Both were going north and the men were riding alone. Rogers was cited for driving without an operator's license.

## 300 Attend 'Fantasia' Dance at High School

Soft lighting effects, a star-studded ceiling, the tinkling noise of a splashing fountain and the dreamy music of an eleven-piece orchestra all combined to make this year's Junior Prom at Sequoia High School one of the loveliest dances of the season.

83 YEARS OF SERVICE TO HOMES AND INDUSTRY

JOHNS MANVILLE JM PRODUCTS

## VALUED MEN WHO LIKE THEIR JOBS

### J-M's Plants Are Closely Guarded

During a national emergency keeping prowlers and other unauthorized persons from entering manufacturing plants is a job that requires industry to be on the alert at all times.

To safeguard its plants, offices and equipment from damage and its jobholders from injury that might result from acts of sabotage, Johns-Manville has taken numerous precautions.

All watchmen at various J-M locations have been carefully selected for their long records of patriotism and at many plants their numbers have been increased.

At several factories burglar-proof fences have been erected and floodlights placed in vital areas. Close checks on all incoming freight cars are made to keep out suspicious persons, and incoming freight, express and parcel post packages are cleared through and inspected at a central bureau.

At every J-M plant all jobholders from the manage. on down are equipped with identifying badges which must be shown before they enter the plant.

### Complete 25 Years' Service With J-M

Lots of headlines in the newspapers these days might lead people to believe that everybody in industry is restless and dissatisfied.

To look at the papers, you might think that nobody anywhere likes his job or his boss or anything.

Of course the peaceful side of this picture is seldom considered interesting reading, because the peaceful side isn't dramatic news.

Yet the peaceful side is the much greater side.

Here's an example of the better side and what we think is the usual side of this picture. We think it's news:

Just the other day, 41 men were inducted as new members of the J-M Quarter Century Club at Johns-Manville's plant in Manville, N. J.

This club is composed of people who have worked for Johns-Manville 25 years or more. (Its membership now totals 425.)

Johns-Manville has more than 3500 workers who have been with the company ten years or more

Most old American industries have many men who have been on the job for years and years.

At all times and especially in times of emergency like this, when J-M and other industries are working hard on defense jobs, the value of these steady, seasoned, experienced men and women is very great, and we think it's fine news to hear about them.

**Asbestos Fire-Fighter**—As British and New York City fire officials look on, Bill McKeon, of Johns-Manville's New York Office, puts one of J-M's asbestos suits through a test under fire conditions similar to those that break out in London after incendiary bombs have been dropped. The suit is one of a shipment manufactured by J-M for civilian fire-fighters of Britain.

### Honor Group Now Has 425 Members

### SAIL HO!

Putting a new roof on a lighthouse has its problems.

A telescope, sextant, steeplejack and a navigator were among the instruments and experts needed to roof a Lake Michigan lighthouse with Johns Manville asbestos shingles.

# Flag Charts Presented To Elementary Schools

In connection with the current observance of Flag Week, elementary schools in the Redwood City area were presented here by the Tribune with an educational chart of the flag of the United States, for permanent display in the various school buildings.

Not only does the fringed, cloth chart have 23 rules, in the form of questions and answers, for display of the colors, but it has three such rules regarding salutes to the flag, and a history of the American Flag, from the time when on Dec. 13, 1775, the subject of a flag arose at a dinner attended by Benjamin Franklin, George Washington and other famed early Americans.

According to an inscription on the chart presented the schools, Franklin said, "General, why not secure the East India Company's flag? It has thirteen alternating strips of red and white and is recognized and protected by the British crown."

**Washington agreed, but added the St. Andrew Cross to it on a canton of blue. This Grand Union flag was adopted Jan. 2, 1776.**

Pictures of the first Navy Jack, the flag of 20 stars, the flag of Fort McHenry, the stars and stripes with the stars in circular form, and the flag as it is today all are depicted on the chart, which has been authenticated by Dr. Herbert E. Bolton of Bancroft Library, University of California.

Among the instructions for displaying the flag, as recited on the chart, are:

The Flag of the U. S. should be on the right when it is displayed against a wall from cross staffs, and the staff should be in front of the staff of the other flag.

No national flag should fly above that of another nation when both nations are at peace. Such a display would be an insult to the other nation.

The only flag allowed to fly above the Flag of the United States is the Church Flag in the Navy. It signifies God's supremacy over the nation.

It is proper to place a Bible on the flag.

The flag may be displayed correctly from the wall without a staff if displayed horizontally with the "starry union" uppermost and to the observer's left.

The flag should not be used in a parade without a staff; it should never be used to cover a speaker's desk.

The flag is raised over the White House when the President is present; it is raised over public buildings of the civil department of the federal government at the opening of business except in stormy weather; it should be raised over a house of business at 8 a.m. or at the opening of business.

The flag should be lowered about 5 p.m., or always before sunset.

The only occasion when the U. S. Flag may be draped is when the President appears in a theater. His box is then draped with the flag.

**DEFINITIONS OF TERMS**

The Canton of the flag is the upper corner next to the staff; the union is the device placed in the Canton; the hoist is that end of the flag next to the peak; the Union of the flag occupies the honor place.

The Union should go clear to the head of the staff unless the staff is at half mast.

If the flag is displayed horizontally from the wall, without a staff, it should be turned clockwise and reverse, so that the dexter-chief or upper hoist will appear at the observer's left.

As to salutes, the chart says:

**When the flag passes in review, the man in uniform gives a right hand salute, without removing hat or cap. The man not in uniform removes his headdress, holding it over his left shoulder. A woman not in uniform should place her right hand over her heart.**

**SCHOOL REPRESENTATIVES**

Redwood City schools were presented the flags by Tribune Publisher Sam H. Winklebleck in brief ceremonies this morning. Accepting the flags on behalf of their schools were Geraldine Clayton, Washington School; Anabel Eva, Lincoln School; Patricia Jeffery, McKinley Elementary School; Kevin O'Gara, Garfield School; Donald Blum, McKinley Intermediate School; Thomas Huestis, Central School; Kenneth Ward, John Gill School; Sharon Winklebleck, Mt. Carmel Parochial School. Supt. Andrew Spinas and Tribune Editor Kenneth L. Bowen were also present.

The flags for San Carlos, Belmont, Las Lomitas, Ravenswood and Menlo Park Schools were presented to Principals B. W. Case, Mrs. Mae Gambetta, Charles H. Niederhauser, Roy Liddicoat ,and O. H. Olson, respectively.

The amount of money in circulation in the United States has reached $9,000,000,000.

Magallanes, Chile, on the Straits of Magellan is the southern-most city in the world.

The first oil well was brought in in 1859 by Colonel Edwin L. Drake.

## Elderly Man, Woman Injured in Collision

Two persons suffered slight injuries when cars driven by Florence L. Wheeler, 69, San Francisco, and J. B. Praught, 74, Alameda, collided at Bayshore Hwy. and Willow Rd., East Palo Alto, at 5:40 p.m. Monday. Cuts and bruises were suffered by Praught and Mrs. J. C. Bell, a passenger in Mrs. Wheeler's car.

Passengers in two automobiles which collided on El Camino Real at Madison Ave., Redwood City, about 10 o'clock last night escaped injury.

# Sequoia Girls Name Heads

Sequoia High School girls "settled down to normal" again this week as election results of the recent campaign for Sequoia Girls Society offices were made known.

Winning the contest for president was Frances Mulcady, who will take over direction of the society during the entire next year. Assisting her will be Miriam Beach, vice-president; Jackie Poole, secretary, and Margaret Wrigley, treasurer.

Serving as club presidents for the first half of next year's school term will be Lois Burton, Club One; Margaritte Bergmann, Club Two; Nancy Duncan, Club Three; Eleanor Schreck, Club Four; June Robertson, Club Five.

Out-going officers are Helen Falk, president; Louise Chevassus, vice president; Jane Roberts, secretary; and Florence Gorman, treasurer.

Returns were as follows:

President: Frances Mulcady, 182; Roberta Rowe, 167; Barbara Owens, 95.

Vice-president: Miriam Beach, 257; Gala Laughlin, 181.

Secretary: Jackie Poole, 274; Betty Dilg, 158.

Treasurer: Margaret Wrigley, 249; Connie Thomas, 170.

Club One Leader: Lois Burton, 39; Vivian Holmquist, 35.

Club Two Leader: Marguerite Bergmann, 38; Donna Slagerman, 34; Betty Monahan, 22.

Club Three Leader: Nancy Duncan, 43; Amanda Day, 37.

Club Four Leader: Eleanor Schreck, 50; Dorothy Holmquist, 18; Betsy Rafferty, 15; Violet Staples, 11.

Club Five Leader: June Robertson, 60; Evelyn Flora, 33.

## Beauty Shop Sued Over Permanent Wave

A permanent wave which "backfired" and assertedly caused most of her hair to fall out formed the basis for a $10,000 damage suit filed in superior court in Redwood City by Hazel Lee of Burlingame against E. B. Pate, operator of a beauty salon in Burlingame.

Miss Lee charged that the wave, given Jan. 24, was not successful, and that the effects—which caused her great "embarrassment, humiliation and anguish"—would be too permanent.

Her complaint charged that the waving process caused her hair to "break and fall off," and also caused bald spots to appear. It will take two years for new hair to grow out, the complaint alleged.

Although Alexandria, Egypt, is situated on the edge of the Nile delta, it escapes heavy silt deposits because of favorable ocean currents.

## McKinley Students Elect Officers

McKinley Elementary School began a busy final week of school this week with election of student body officers, Mrs. Lauretta S. Paulsen, principal, reported.

Donald Blum was elected president, and with other new officers will be installed at the awards assembly on Friday by Bob Bunyard, outgoing president.

Stanley Cottrell will replace Phillip Chew as vice-president, while Maureen Rouse has been named as secretary-treasurer, to fill the place left vacant by Tomiko Kasai.

High eighth grade pupils enjoyed an extensive tour of Stanford University this morning by school bus. Both an awards assembly and the eighth grade party are scheduled for tomorrow.

IS YOUR HOME FOR SALE? THEN READ THIS

We have known of many homes that have failed to sell in the hands of competent real estate brokers as well as by individuals. Reason — the bathroom contradicted every other appearance of the home, inside and out — it dated the property — spoiled the sale. Don't let this happen to you.
